Contents

Preface vii

1 Some Classical and Some New Inequalities 1
  1.1 Squares Are Nonnegative .......................... 1
  1.2 Inequalities Between Means ....................... 7
  1.3 The Cauchy-Schwarz Inequality .................... 16
  1.4 Aczél’s Inequality ................................. 33
  1.5 Jensen’s Inequality ................................. 37
  1.6 General Weighted Power Mean Inequalities ........ 41
  1.7 Hölder’s Inequality ................................. 47
  1.8 Minkowski’s Inequality ............................ 55
  1.9 Schur’s Inequality ................................. 59
  1.10 Chebyshev’s Inequality .......................... 70
  1.11 The Rearrangement Inequality ................... 75
  1.12 Bernoulli’s Inequality ........................... 83
  1.13 Karamata’s Inequality ........................... 86
  1.14 Popoviciu’s Inequality ......................... 93

2 Problems – 116 Inequalities 99
  2.1 Introductory Problems ............................. 99
  2.2 Advanced Problems ............................... 107
  2.3 Solutions to Introductory Problems ............... 114
  2.4 Solutions to Advanced Problems .................. 150
